Hi Myrna -

Can you please tell me what our process is for requesting "special" software? (see Phil North's email below).

Thank you.

Subject: Bibilography software

Hi Peg,

A couple weeks ago I asked about acquiring bibliographic software so I can track information sources I am using for my work on the Pebble Mine. Today Michael asked me if I have started to compile a bibliography for Pebble. I called 1201 about it. They said I should call you. I need it yesterday (of course). Can I get the software?

Phil
